Most Commonly Asked Questions

Q-Can I still contribute to the school if I already paid more in taxes through payroll deductions than I owed and am now due refund?

A-You will still receive an additional \$400 back in your refund, provided your total tax liability is at least \$400 in the first place.

Q-What if I owe additional monies for state income tax?

A-You may deduct up to \$400 from your taxes owed to offset like contributions to the Yavapai County High School.

FOR EXAMPLE:

If a total of \$1000 was deducted from your earnings during the year and, at tax time your Arizona Income tax liability was only \$700, the Arizona Department of Revenue would owe you \$300 without a school tax credit. **Your refund check=\$300**

If however, you had contributed \$400 to a public school, the Arizona Department of Revenue would refund you the \$300 PLUS another \$400 refund for the school tuition credit **Your refund check=\$700**

If a total of \$1,000 was deducted during the year and your total Arizona income liability was \$1,400, you would owe \$400.

With a tax credit donation of \$400, you would pay nothing!
